 - recovery or disposal operation (R and/or D): [....];
- Article 6 of Regulation (EU) 2024/1157 of the European Parliament and of the Council of 11 April 2024 on shipments of waste, amending Regulations (EU) No 1257/2013 and (EU) 2020/1056 and repealing Regulation (EC) No 1013/2006 (hereinafter: Regulation), where relevant, provides that:
 1. Shipments of waste for which a notification is required shall be subject to the requirement of the conclusion of a contract between the notifier and the consignee for the recovery or disposal of the waste. If the consignee is not the operator of the facility for the recovery or disposal of the notified waste, the contract shall also be signed by the operator of the facility;
 2. The contract referred to in paragraph 1 shall be concluded and effective at the time of notification and shall remain effective for the duration of the shipment until a certificate is issued in accordance with Article 15(5), Article 16(6), or, where appropriate, Article 15(4);
 3. the contract shall include obligations:

- a) on the notifier to take the waste back or, where applicable, ensure its recovery or disposal in an alternative way, in accordance with Article 22 and Article 25(2) or (3), if the shipment, or the recovery or disposal, has not been completed as intended or if the shipment is an illegal shipment;
 - b) on the consignee to recover or dispose of the waste in accordance with Article 25(8), if the shipment is an illegal shipment;
 - c) on the facility where the waste is recovered or disposed of, to provide, in accordance with Article 16(6), a certificate that the waste has been recovered or disposed of, in accordance with the consents given for that notification, the conditions attached to those consents and this Regulation.;
- the notifier and the consignee have already agreed in an individual agreement that the consignee will treat the waste referred to in the second recital, in the way referred to under Article 1. of this contract
 - this contract may apply both to a shipment for interim recovery or disposal and to a shipment for non-interim recovery or disposal. To this end, the contract includes the most extensive obligations. The obligations imposed by the Regulation in the event of interim recovery or disposal (Articles 3 and 4 of this contract) shall apply only if an interim operation is actually carried out;
 - the notifier and the consignee conclude this contract in order to comply with the obligations of Article 6 of the Regulation. Under this contract, no obligations other than those arising from Articles 16(6), 22(2) to (8) and 25(2) to (9) of the Regulation shall be enforceable between the notifier and the consignee.

The parties agree as follows:

Article 1. Treatment of the wastes

The consignee and the facility hereby declare that the shipped wastes will be processed in the manner described in the notification with no. [\[Notification number\]](#).

Article 2. Certificate of processing after the completion of recovery or disposal

- 2.1 The facility where the waste is recovered or disposed shall, in accordance with Article 16(6) of the Regulation, provide the notifier and the competent authorities concerned, as soon as possible and no later than 30 days after the completion of that operation, and no later than one year after receipt of the waste, a certificate that the waste has been recovered or disposed in accordance with the notification, the conditions specified therein and the provision of the Regulation.
- 2.2 If the authorities concerned, in accordance with Article 9(6) of the Regulation, have set a shorter period for the submission of the certificate referred to in Article 2.1 of this contract to the notifier and the competent authorities concerned, the certificate shall be issued within that period.

Article 3. Certificate of processing after interim recovery or disposal

- 3.1 The facility receiving the waste shall, in accordance with Article 15(4) of the Regulation, as soon as possible and no later than 30 days after completion of the interim recovery or disposal operation and no later than one year after receipt of the waste, issue a certificate to the notifier and the competent authorities concerned that the operation has been completed. That certificate shall be supplied in or annexed to the movement document.
- 3.2 If the authorities concerned, in accordance with Article 9(6) of the Regulation, have set a shorter period for the submission of the certificate referred to in Article 3.1 of this contract to the notifier and the competent authorities concerned, the certificate shall be issued within that period.

Article 4. Certificate regarding to Article 15(5) of the Regulation for a new notification

- 4.1 The facility receiving the waste in which an interim recovery or disposal operation is carried out and which subsequently delivers the waste for a subsequent interim or non-interim recovery or disposal operation to a facility located in the country of destination shall, in accordance with Article 15(5) of the Regulation, as soon as possible and no later than one year after the delivery of the waste, forward a final certificate of recovery or disposal to the notifier and to the competent authorities concerned, specifying the shipment to which the certificates relates.
- 4.2 The receiving facility shall, when the shipped waste is destined for a facility located in another Member State or in a third country, submit a new notification in accordance with the Regulation, on the understanding that the provisions concerning the competent authorities concerned shall also apply to the initial competent authority of the initial country of dispatch.

Article 5. Take-back obligations of the notifier

- 5.1 The notifier shall take back the waste if the shipment, recovery or disposal has not been completed in the manner specified in Article 22 of the Regulation. The take-back of waste, in accordance with Article 22 of the Regulation, shall take place within ninety days, or within a period agreed by the competent authorities concerned.
- 5.2 The notifier shall take back the waste if there is an illegal shipment for which the notifier is responsible in accordance with Article 25(2) of the Regulation. The take back of the waste, in accordance with Article 25(2) of the Regulation, shall take place within thirty days, or within a period agreed by the competent authorities concerned.
- 5.3 The notifier shall submit a new notification for the take-back of the waste, unless the competent authorities concerned agree that a duly reasoned request by the initial competent authority of dispatch is sufficient.

Article 6. Processing obligations of the consignee, in accordance with Article 25(8) of the Regulation (EC)

Where the responsibility for an illegal shipment can be imputed to the consignee, the consignee shall ensure that the waste is recovered or disposed in an environmentally sound manner. In this case, the waste shall be treated within thirty days, or within a period agreed by the competent authorities concerned.

Article 7. Other provisions

7.1 If the contract for the treatment of the waste between the notifier, the consignee and the facility is temporarily or permanently unable to be fulfilled by the consignee and/or facility, the consignee and/or facility shall immediately inform the authority of destination.

7.2 In accordance with Article 6(2) of the Regulation, this contract ends on the day after the receipt of all the certificates described in Article 2.1, 3.1 or 4.1 of this contract have been received by the notifier and the competent authorities concerned.

Premature dissolution of this contract is not permitted.
